

Dear Parents and Carers,

At this difficult time, it may become difficult to find ways to keep your children occupied and entertained. School want to help support you in every way possible. Please find a list of websites that will provide both educational, creative and physical activities that you could do at home. Some are printable and some are digital interactive platforms. It is important for the children's mental health to keep their minds and bodies active as much as possible during this time. If you press CTRL and then click on the link, it will take you directly to the website.
